### **INTRODUCTION**

Morality is the precious wealth of each & every nation. Therefore the role of education is to give the Training of Morality. It is inspiring that India is leading more in morality. Than other countries. But it is inevitable to say that after independence India in every field the kingdom of immorality. In such a condition keeping nation's development in mind then it has become much necessary for citizens of India. Education develops lot virtues like love, truth and sacrifice in Child's soul and also develops morality.

Research problemA comparative study of Moral Values of Boys and girls at Middle Level.

### **MEANING OF VALUE & MORAL VALUE :**

Oxford English Dictionary to meaning of Value as below

- How much something is worth compared with its price.
- Beliefs about what is the right and wrong way for people to behave, moral value.

Webster's Dictionary to meaning of Value as below

- ❖ The measure of how strongly something is desired for its physical or moral beauty, usefulness, rarity etc.

**Moral :** ‘

Concerned with right and wrong and the distinctions between them virtues, good.’

When we talk about moral values, this again differs from place to place. In India, morality's always associated with one's behavior with opposite sex. If a man or woman behaves with etiquette and respect with the opposite sex, they are considered moral.

Moral values related to the code of conduct, honesty, integrity, discipline, self-control, self-reliance, inquiry in to the good, the bad and the ugly aspects of human behavior, code of conduct based on logical reasoning.
